## FORM GSBS77: RESEARCH ROTATION AGREEMENT

*It is the student's responsibility to ensure that this form is completed by all parties.*

### Overview

The Research Rotation is a graded, credited course that requires commitment from both student and faculty. Faculty must submit an evaluation of the students' performance (via OASIS) and discuss the evaluation with the student.

Pursuant to the [University of Massachusetts Intellectual Property policy \(DOC. T96-040\)](https://www.umassp.edu/sites/default/files/board-policies/Intellectual%20Property%20UMW.pdf) (<https://www.umassp.edu/sites/default/files/board-policies/Intellectual%20Property%20UMW.pdf>) laboratory data and laboratory notebooks (classified as non-exempted scholarly work) remain the property of the University of Massachusetts Chan Medical School.

For each rotation, the student must provide the Research Rotation faculty advisor (graduate faculty sponsoring the student's rotation) and research group with a written report or an oral presentation of the rotation research. The selection of written or oral presentation, and the specifications for each, are at the discretion of the Rotation Advisor.

### For BBS and BCCB first year students:

- Thesis mentor/department financial agreements are due on or before June 1
- BBS students must rotate through at least 3 different labs before selecting a thesis mentor. Only 3 rotations are permitted. BCCB students will identify a thesis mentor after the 3<sup>rd</sup> or 4<sup>th</sup> rotation.
- GSBS funding will continue through August 31 of year 1. Thesis advisor funding will begin on September 1 of the second year of study.

### Training

Students engaged in research involving vertebrate animals must complete [IACUC training](https://umassmed.sharepoint.com/sites/umms-iacuc/SitePages/Occupational-Health-and-Training.aspx) (<https://umassmed.sharepoint.com/sites/umms-iacuc/SitePages/Occupational-Health-and-Training.aspx>) hosted by the Office of Research.

Student engaged in research involving human subjects, must complete [CITI training](https://www.umassmed.edu/ccts/irb/CITI-GCP/) (<https://www.umassmed.edu/ccts/irb/CITI-GCP/>) hosted by the Office of Research.
