Present a Professional Development Seminar

How to Easily Find Funding Opportunities Relevant to Your Research

Please bring your laptop

Connie Johnson, Ph.D.

Associate Director,
Corporate and Foundation
Relations at UMMS

Join us for an interactive and hands on demonstration of *Pivot*, which will give you access to a comprehensive on-line data base of funding opportunities. Bring your laptop and run sample searches relevant to your own interests during the demonstration.

You will create an account so that you can save searches and get an automated, single weekly email with updated results. Dr. Johnson will show you how to streamline your searches and how to determine whether or not a search is effective.

Wednesday, December 10, 2014

2:00 to 3:00 p.m.

Lazare Auditorium S1-607

Refreshments will be served
