

Dear Faculty, Residents, Fellows, Friends, and Alumni,
We are delighted to welcome Dr. Mathias Prokop as the
18th Annual Edward Smith Lecturer.

Dr. Prokop is Professor of Radiology and Chairman of
the Department of Medical Imaging in Nijmegen in the
Netherlands. He studied Medicine and Physics in
Germany, with a short stint at Albert Einstein College of
Medicine in New York. He trained at Hanover Medical
School in Germany. His career took him to Vienna,
Austria and Utrecht in the Netherlands, where he
established himself as one of the pioneers of novel CT
technologies and lung screening.

Dr. Prokop moved to Nijmegen in the East of the
Netherlands in 2009 and has since built one of the largest
research groups in Europe, ranked 3rd worldwide by US
News & World Report. His focus is on impactful
innovations in medical imaging that contribute to better
care while keeping medicine affordable. He has
published well over 300 articles and various books. He is
an honorary member of numerous international
radiological societies. During his time as the Chairman of
the Dutch Radiological Society, he initiated a change in
strategy that helped a generation of young radiologists
find permanent positions and strengthened the position
of our discipline relative to other specialties. He now
serves as board member of the European Society of
radiology and will become President of the ECR in 2027.

Best,
Max

The Edward H. Smith, M.D. Annual Lectureship in Radiology at the UMass Chan Medical School has been established to honor Dr. Smith's service over two decades as Chair of the Department. Dr. Smith's vision for developing Radiology at UMass and his ability to attract and retain talented faculty created the foundations for the thriving Department we see today. In recognition of his leadership and dedication, this Lectureship will invite leaders of our specialty to share their clinical experience and scientific achievements. We cordially invite you to join us.

Max P. Rosen, M.D., M.P.H.
Professor and Chair
Department of Radiology
UMass Memorial Health/UMass Chan Medical School

Lessons learned: How to gain from the past and prepare for the future

Mathias Prokop, MD, PhD
Chairman, Medical Imaging
Professor of Radiology
Radboud University Medical Center

Date: Friday, June 6, 2025

Time: 12:00 – 1:00 PM

Location: AS1.2130A East

UMass Chan Medical School

Virtual participation link

(Password: Radiology)

Objectives:

- Know how to better handle pitfalls in medicine and life
 - Understand how to create more impact
 - Better prepare for the potential futures of radiology in a world with AI
-
